WORK EXPERIENCE

Logistics Engineer – Atlanta Artist Resources Dec 2018 - Present

- Migrate inventory to a cloud rental software (Current RMS) by digitizing thousands of products, add and customize Current RMS workflows based on company needs, create HTML labeling system, add inventory specs, create inventory sheet per event, and prepare international customs documents
- Point of contact for Current RMS troubleshooting and training staff.
- Administrative duties, such, as purchase office and warehouse supplies, prepare travel accommodations, send mail/packages, and answer calls

Electrician – Lanehart Electrical Contractor Aug 2015 - Dec 2018

- Supervised electrical assistants
- Organized and prioritized service requests
- Ensured inventory was adequately stocked, received inventory, labeled items, and recounted inventory to determine profits/losses
- Wired and trimmed houses, and installed appliances; provided electrical service and adequate home warranty

Inventory Specialist and Asset Protection Specialist – Best Buy Sep 2014 - Aug 2015

- Managed logistical orders between multiple vendors creating efficiencies within policies and procedures through the adoption of IT solutions and tracking measures
- Trained new associates on operational procedures

- Operated Telxon to update prices, reorganize inventory, and scanned inventory to increase profit margins; operated RSS to ship inventory to multiple locations to meet nationwide inventory demands
- Provided feedback to improve and facilitate operations
